SUMMARY

Highly skilled and motivated web developer with over 5 years of experience in the industry. Proficient in HTML, CSS, Angular, C#, .NET MVC, CI/CD, unit testing, Node, NestJS, Figma, and UI/UX design. Strong communication skills and a proven track record of delivering high-quality projects on time.

EXPERIENCES

Freelancing | TASCH | 2022-Present

Started a freelancing business called TASCH and offer web development services to clients

Translated a javascript animation into an Angular component for a client in Sydney via Upwork

Built a Progressive web app using Angular 13 for the company Wirely, a software company for the hospitality industry

Helped Wirely with a third party integration involving working with their NestJS backend application and communicating with the third party's API to pull data into Wirely's system

Founder | OnTrackChat (Formerly TeacherTalkie) | 2020-2022

A startup, focused on student well-being

Currently held under my business TASCH

Utilized NodeJs, MongoDB, Angular during multiple iterations of the app's architecture

Currently hosted on AWS using amplify

Worked with a designer using AdobeXD

Built a CI/CD pipeline using GitHub actions before moving to AWS amplify

Software Developer | Janison | 2017-2020

Worked as a software developer for Janison, a leading education technology company

Started as a junior developer and quickly progressed to a mid-level developer

Worked on the company's Learning Management System (LMS), developing and maintaining web-based applications using HTML, CSS, Angular, C#, and .NET MVC

Wrote numerous unit tests to ensure the quality and reliability of the applications

Sponsored by the company to go into UX design and presented what I learned to other developers in the company

Key Projects at Janison

Developed a Netflix-style learning dashboard for the LMS

Worked alongside Microsoft to build a recommendations machine learning model for the LMS

Created various dashboards for clients, displaying statistics and insights on their users within the Janison system
